

Dermapen™ Microneedling

For best results, Dermapen microneedling treatments can help target stubborn scars head-on, visibly reducing their appearance.

SESSIONS	4-5 treatments, or until desired results are achieved
INTERVALS	6 weeks apart

Skin Treatments for Scars

Because scars can appear in all shapes, sizes and depths, we offer bespoke treatments to get the best out of your skin.

Your in-clinic treatment will combine the power of microneedling with potent correctives of Dp Dermaceuticals™.

This Synergy of Solutions delivers real results.

In-clinic

MICRONEEDLING WITH DERMAPEN 4™

Dermapen 4—the world's most trusted microneedling device, has a dedicated Scar Treatment Setting. It targets many scar types including indented, surgical, stretch marks, burns and acne. Your skincare specialist will prescribe a Dermapen Treatment™ plan. Microneedling is a skin renewal procedure that's clinically proven to simulate the body's repair process to produce collagen and elastin to improve the appearance of skin. The technique creates micro-channels, which deliver healing nutrients deep into the skin.

MG-R.A.S.™ or MG-HA35+™

These specially formulated Meso-Glide™ serums carry powerful antioxidants and vitamins deep into the skin. MG-RAS contains Retinaldehyde (Vitamin A) to help speed up cell renewal for a smoother, more even complexion. MG-HA35+ is enriched with Hyaluronic Acid (HA), which helps reduce the appearance of scars.

ÜBER MD™ PEEL

Your skincare specialist may recommend a treatment upgrade as part of your microneedling. ÜBER MD is an effective spot peel that can target individual scars. Containing a special blend of treatment actives, it helps support cellular turnover for skin renewal, which may visibly soften the look of scars.

Your Skin Concern Our Synergy of Solutions

Dermapenworld™

Solutions for Scars

Scars can form anywhere skin is damaged. But did you know, the body's healing process produces scars? By signalling skin to go into repair mode, skin tissue grows to close off the wound. And when that happens, you're faced with a constant reminder of your skin's trauma.

Whether your scar is the result of an accident, surgery, burn or severe acne, it can present in different shapes and sizes including sunken, raised or flat, light, dark, pink or red, and big or small.

While some scars on the body may easily be covered up, it can be more challenging to camouflage those on the face, neck, hands and arms, leaving you feeling extremely self-conscious.

With DermapenWorld's Synergy of Solutions, you can finally be comfortable in your skin. The combination of in-clinic microneedling with the right skincare can help make a difference.

Backed by science, the active ingredients in the award-winning Dp Dermaceuticals™ range will help you achieve smoother, more even-toned skin.

Ready to reclaim your skin and your confidence? **Together, let's rewrite your skin journey.**

Real People, Real Results

I received third degree burns and for as long as I can remember, I've been self-conscious about my scarring, until I had Dermapen Treatments. It really has been a life changer for me. I can now wear whatever I want with confidence.

— Nicole

Your Daily At-home Skincare Plan

Step 01: Cleanse (AM & PM)

TRI-PHASE CLEANSER™ (for face)

1. Apply an almond-sized amount to clean, dry fingertips and gently massage into skin (the balm transforms into a gel).
2. Add water and continue massaging (gel becomes milky).
3. Remove with damp cotton pads.
4. Rinse thoroughly with lukewarm water. Pat dry.

CLINIPREP™ (for body)

1. Spritz all over skin.
2. Leave for at least 15 seconds before removing excess with wash cloth.

Step 02: Nourish (AM & PM)

BRITE LITE™

1. Apply 2-3 pumps to skin.
2. Massage lightly until absorbed.

SSSCAR™

1. Spread a thin layer over the scar.

Step 03: Correct (AM & PM)

VITAMIN RICH REPAIR™ (AM) & RETINAL ACTIVE™ (PM)

1. Apply 2-3 pumps to skin.
2. Massage lightly until absorbed.

Step 04: Protect (AM)

COVER RECOVER™

1. Gently pat and blend in a small amount to face and neck.
2. Apply 20 minutes before sun exposure. Reapply every 3 hours.

At-home Skin Boosters

Weekly (OR AS REQUIRED)

To accelerate results, you can introduce boosters to help smooth the appearance of scars.

L.E.D. FACE™ MASK

Dp Dermaceuticals L.E.D. harnesses the power of red light and near-infrared light, to help revitalise your skin in just 10 minutes.

L.E.D. NECK AND DÉCOLLETÉ™ MASK

Improves skin tone, texture and increases cell functionality. Can be rotated for use on shoulders or back.

L.E.D. HAND™ MASK

Promotes the production of collagen and elastin while hydrating and firming skin.

DERMAPEN HOME™

Between in-clinic microneedling appointments, you can DIY microneedling with Dermapen HOME™. This helps infuse the potent ingredients within Dp Dermaceuticals to accelerate skin rejuvenation. Your skincare specialist will recommend an at-home serum to use with your device.
