

Dermapen™ Microneedling

For best results, Dermapen microneedling treatments can help you correct, brighten and restore your complexion.

SESSIONS	3-6 treatments, or until desired results are achieved
INTERVALS	2-4 weeks apart

Skin Treatments for Pigmentation

Because not all skin and pigmentation are the same, we offer bespoke treatments to get the best out of your skin.

Your in-clinic treatment will combine the power of microneedling with potent correctives of Dp Dermaceuticals™.

This Synergy of Solutions delivers real results.

In-clinic

MICRONEEDLING WITH DERMAPEN 4™

Using the world's most trusted microneedling device, your skincare specialist will prescribe a Dermapen Treatment™ plan. Microneedling is a skin renewal procedure that's clinically proven to simulate the body's repair process to produce collagen and elastin to improve the appearance of skin. The technique creates micro-channels, which is a powerful way to deliver healing nutrients to correct your skin tone.

MG-BL™

A specially formulated Meso-Glide™ serum that carries powerful antioxidants plus Tyrosinase inhibitors to slow down the production of melanin, deep into the skin. Designed to brighten and lighten uneven skin tone.

ÜBER PRO™ PEEL

Your skincare specialist may recommend a treatment upgrade as part of your microneedling. ÜBER PRO contains a special blend of treatment actives to increase cellular turnover while addressing your pigmentation. Unlike other chemical peels, ÜBER PRO is safe to use on any skin colour.

Your Skin Concern Our Synergy of Solutions

Dermapenworld™

Solutions for Pigmentation

Freckles, age spots, darkened patches or melasma, these are all types of skin pigmentation and a very common skin concern. Also known as hyperpigmentation, it occurs when skin produces excess amounts of melanin (the pigment that gives skin its colour). When this happens, it causes dark or discoloured irregular shaped patches.

Whether your pigmentation is big or small, on the face, hands or anywhere else on the body, it can impact your self-confidence. And while you can camouflage an uneven skin tone with foundation, masking is only a temporary solution.

With DermapenWorld's Synergy of Solutions, you're in good hands. The combination of in-clinic microneedling with the right skincare can help transform your skin.

Backed by science, the active ingredients in the award-winning Dp Dermaceuticals™ range will target stubborn, uneven skin tone. The result is a flawless complexion.

Ready to reclaim your skin and your confidence?
Together, let's rewrite your skin journey.

Real People, Real Results

The pigmentation from sun damage earlier in my life has drastically reduced. Also, the dark circles under my eyes are significantly narrowed in. I've been recommending Dermapen Treatments to all my friends and family.

— Susan

Your Daily At-home Skincare Plan

Step 01: Cleanse (AM & PM)

TRI-PHASE CLEANSER™

1. Apply an almond-sized amount to clean, dry fingertips and gently massage into skin (the balm transforms into a gel).
2. Add water and continue massaging (gel becomes milky).
3. Remove with damp cotton pads.
4. Rinse thoroughly with lukewarm water. Pat dry.

Step 02: Nourish (AM & PM)

ANTIOXIDANT COCKTAIL™ or EXO-SKIN™

1. Apply 1-2 pumps to skin.
2. Massage lightly until absorbed.

Step 03: Correct (AM & PM)

BRITE LITE™ (AM) & RETINAL ACTIVE™ (PM)

1. Apply 2-3 pumps to skin.
2. Massage lightly until absorbed.

Step 04: Moisturise (AM & PM)

CLR LOTION™ (oily skin)

1. Apply 2-3 pumps to skin.
2. Massage until absorbed, avoiding the eye area.

SKIN VENEER™ (normal to dry skin)

1. Apply sparingly to face.
2. Ensure fully absorbed before the next step.

Step 05: Protect (AM)

COVER RECOVER™

1. Gently pat and blend in a small amount to face and neck.
2. Apply 20 minutes before sun exposure. Reapply every 3 hours.

At-home Skin Boosters

Weekly (OR AS REQUIRED)

To accelerate the results, you can introduce boosters to further help diminish your pigmentation, faster.

MICRO DERM EXFOLIANT™

Gentle enough to use daily but does the hard work to remove impurities, toxins and dead skin cells. The ideal way to thoroughly clean skin with spots or blemishes.

RADIANT-C MASK™

A professional-strength, vitamin-enriched clay mask designed to restore radiance. The brightening blend visibly improves the appearance of dark spots, blemishes, aged and sun-damaged complexions. Leaves skin looking bright and radiant.

BRITE LITE™ 3D SCULPTURED MASK

Give your skin a boost with intense brightening and help even out your skin tone with the rejuvenating properties in this face mask.

L.E.D. FACE™ MASK

Dp Dermaceuticals L.E.D. harnesses the power of red light and near-infrared light, to help revitalise your skin in just 10 minutes.

DERMAPEN HOME™

Between in-clinic microneedling appointments, you can DIY microneedling with Dermapen HOME™. This helps infuse the potent ingredients within Dp Dermaceuticals to accelerate skin rejuvenation. Your skincare specialist will recommend an at-home serum to use with your device.
