

Dermapen™ Microneedling

For best results, Dermapen microneedling treatments can help improve your complexion and keep rosacea flare-ups at bay.

SESSIONS	4-6 treatments, or until desired results are achieved
INTERVALS	6-8 weeks apart

Skin Treatments for Rosacea

Because not all skin types and rosacea are the same, we offer bespoke treatments to get the best out of your skin.

Your in-clinic treatment will combine the power of microneedling with potent correctives of Dp Dermaceuticals™.

This Synergy of Solutions delivers real results.

In-clinic

MICRONEEDLING WITH DERMAPEN 4™

Using the world's most trusted microneedling device, your skincare specialist will prescribe a Dermapen Treatment™ plan. Microneedling is a skin renewal procedure that's clinically proven to simulate the body's repair process to produce collagen and elastin to improve the appearance of skin. The technique creates micro-channels, which is a powerful way to deliver healing nutrients and strengthen the skin's barrier function.

MG-HA35+™ or MG-EXO-SKIN™

Enriched with Hyaluronic Acid (HA), these serums intensely hydrate and soothe while the Calphasomes™ delivery system ensures actives are deeply penetrated.

MG-HA35+ contains Retinaldehyde (Vitamin A) to assist the barrier function of skin with rosacea. The youngest and purest Exosomes have been sourced for MG-EXO-SKIN offering the ultimate in regeneration.

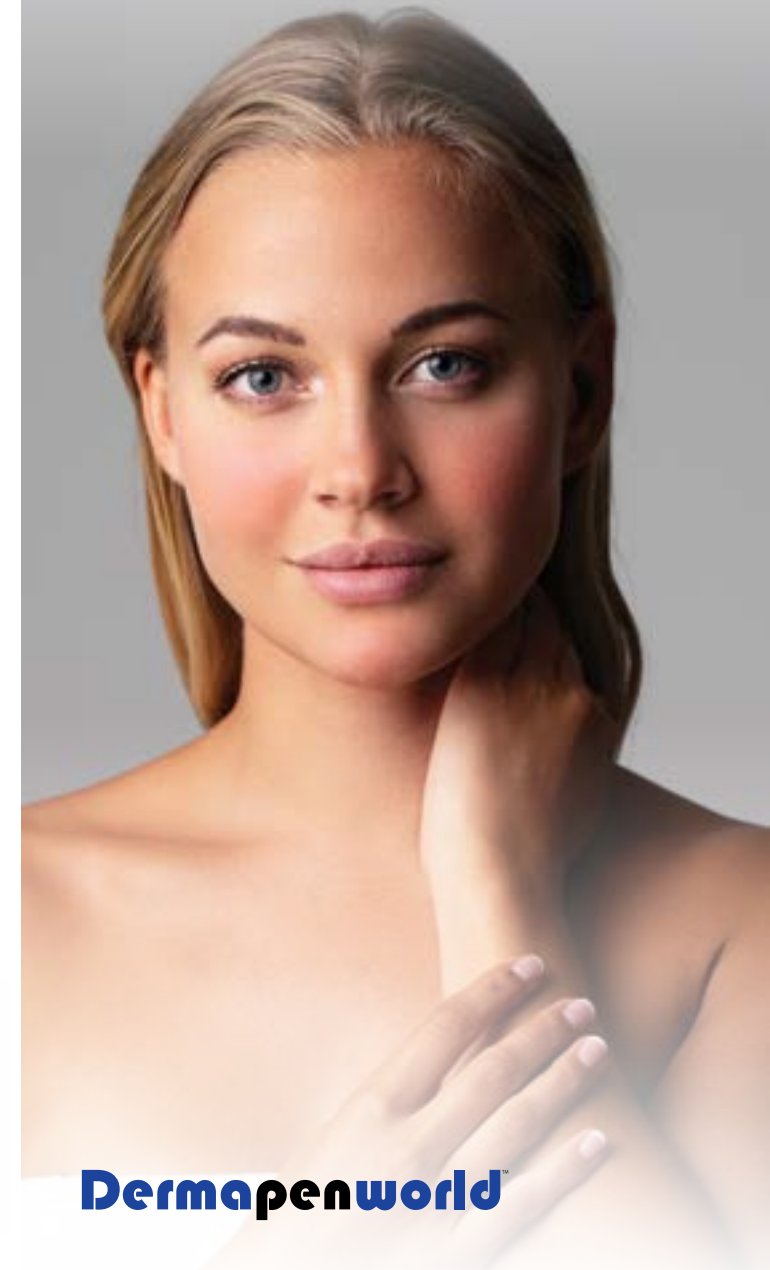

LUMAFUSE™ HYDROGEL SHEET MASK

Your skincare specialist may recommend a treatment upgrade of LED Therapy as a post-procedure to microneedling. LED combined with a LUMAFUSE HYDROGEL SHEET MASK delivers nourishing actives and hydration bringing comfort for rosacea symptoms.

Your Skin Concern Our Synergy of Solutions

Dermapenworld™

Solutions for Rosacea

If you're living with rosacea, you know how persistent it can be. The bumps and pustules change the texture of your skin, the constant rosy flushing or spidery capillaries are unsightly—it's enough to make you see red, every single time you look in the mirror.

Often manifesting on the cheeks, nose and chin, rosacea can also appear on the forehead and neck. The rash-like look is undeniably what people will first notice about your skin. But, thanks to DermapenWorld's Synergy of Solutions, it doesn't have to be that way.

The combination of in-clinic microneedling with the right skincare can help transform your skin and keep rosacea away.

Backed by science, the active ingredients in the award-winning Dp Dermaceuticals™ range will calm and soothe your complexion while erasing the redness.

Ready to reclaim your skin and your confidence? **Together, let's rewrite your skin journey.**

Real People, Real Results

“

For years, I put up with rosacea on my cheeks. A friend told me about Dermapen Treatments so I booked in. I could not believe the difference my first treatment made. I was blown away! I've now had 3 treatments and my skin is looking so much better, you can barely see any redness. I highly recommend it.

— Mandy

Your Daily At-home Skincare Plan

Step 01: Cleanse (AM & PM)

TRI-PHASE CLEANSER™

1. Apply an almond-sized amount to clean, dry fingertips and gently massage into skin (the balm transforms into a gel).
2. Add water and continue massaging (gel becomes milky).
3. Remove with damp cotton pads.
4. Rinse thoroughly with lukewarm water. Pat dry.

CLINIPREP™

1. Spritz all over skin.
2. Leave for at least 15 seconds before removing excess with cotton pad.

Step 02: Nourish (AM & PM)

ANTIOXIDANT COCKTAIL™ or EXO-SKIN™

1. Apply 1-2 pumps to skin.
2. Massage lightly until absorbed.

Step 03: Correct (AM & PM)

VITAMIN RICH REPAIR™ (AM) & RETINAL ACTIVE™ (PM)

1. Apply 2-3 pumps to skin.
2. Massage lightly until absorbed.

Step 04: Moisturise (AM & PM)

SKIN VENEER™

1. Apply sparingly to face.
2. Ensure fully absorbed before the next step.

Step 05: Protect (AM)

COVER RECOVER™

1. Gently pat and blend in a small amount to face and neck.
2. Apply 20 minutes before sun exposure. Reapply every 3 hours.

At-home Skin Boosters

Weekly (OR AS REQUIRED)

To accelerate results, you can introduce boosters to help reclaim your glow.

MICRO DERM EXFOLIANT™

Gentle enough to use daily but does the hard work to remove impurities, toxins and dead skin cells. The ideal way to purify and clarify skin for a renewed complexion.

HYLA ACTIVE™ 3D SCULPTURED MASK

This innovative sheet mask soothes rosacea and environmentally distressed skin. Delivers intense hydration to your skin while reducing inflammation symptoms.

L.E.D. FACE™ MASK

Dp Dermaceuticals L.E.D. harnesses the power of red light and near-infrared light, to help revitalise your skin in just 10 minutes.

DERMAPEN HOME™

Between in-clinic microneedling appointments, you can DIY microneedling with Dermapen HOME™. This helps infuse the potent ingredients within Dp Dermaceuticals to accelerate skin rejuvenation. Your skincare specialist will recommend an at-home serum to use with your device.
